

Terms of Service (ToS) for Pollinum

Last Updated: February 11, 2026

1. ACCEPTANCE OF TERMS By creating an account or using **Pollinum** (the "App"), you agree to be bound by these Terms of Service. This App is currently provided as a free tool for personal use.

2. NATURE OF SERVICE Pollinum is a digital tool designed to help users track and schedule plant care. The App provides automated reminders and suggested schedules based on general botanical data.

3. BIOLOGICAL DISCLAIMER & USER RESPONSIBILITY

- **Default Reminders:** The App provides "Default Reminders" for various plant species. These are **general estimates only**. You acknowledge that environmental factors (light, humidity, temperature, soil type) vary significantly.
- **User Judgment:** You are solely responsible for verifying if the suggested care (watering, feeding, etc.) is appropriate for your specific plant.
- **No Guarantee of Health:** We do not guarantee that following the App's reminders will result in plant health. **Pollinum is not liable for the death, disease, or decline of any plant.**

4. LIMITATION OF LIABILITY To the maximum extent permitted by law, Pollinum is provided "AS IS" without any warranties. We shall not be liable for any damages (direct or indirect) resulting from the use of the App, including but not limited to plant loss, data loss, or notification failure. As this is a free service, our total liability to you is **zero (€0)**.

5. SERVICE DISCONTINUATION & DATA WIPING

- **Right to Terminate:** We reserve the right to suspend or terminate the App, any feature, or any user account at our sole discretion, at any time, without prior notice.
- **Project Shutdown:** As this is a free student project, the service may be discontinued permanently at any time. Upon shutdown, all user data (logs, notes, and plant profiles) will be permanently deleted.
- **No Data Guarantee:** We are not responsible for the loss of information. Users are encouraged to keep independent records for valuable plants.

6. PROHIBITED USES You agree not to attempt to reverse engineer the App, hack our databases, or use the App in any way that violates local or international laws.

7. CONTACT For any questions regarding these Terms, please contact: **pollinum.app@gmail.com**
